Taking up the subject of lights Mr. Chelie salted attention to the fact that there are no lights on the eastern entrance to the Moodest channel, which is used by all whips coming to the city. and urged that this be given attention

ght on the Custom House.
C. M. Cooke said that he coincided with the view that the Custom House was in the right place now, but that he thought there should be careful consideration of the site for the postoffice and courts building. He said he thought the business section of the city was moving towards Alakea street, and that the new structure might well be in the neighborhood of the present public of-
